December 24, 2021

Dear Friends of JDRF,

Your donation is actively transforming the lives of all individuals living with type 1 diabetes (T1D). Thanks to your support, the daily impact of T1D on so many challenged by this disease each day is lessened. Thank you for your recent gift of \$4,000.00.

You are not just delivering hope for so many battling this disease, but incredible breakthroughs to make life safer and healthier until a cure is found. In the past year alone, JDRF was able to advance 25 different types of research to significant, new stages of development, meaning more treatments and more breakthroughs towards a cure. The engine that drives this momentum is the talent, inspiration and passion of the T1D community – of people like you. If you're interested, I invite you to dive deeper into our research online at [jdrf.org/theplan](http://jdrf.org/theplan).

Motivated and supported by people like you, we will stop at nothing, absolutely nothing until our collective vision of a world without T1D is achieved. Thank you today, and every day, for all that you do to turn **Type One** into **Type None**.

Sincerely,

Timothy Doyle  
President & Chief Operating Officer

P.S. Many employers also offer a matching gift program. Please visit our Matching Gifts page at [www.matchinggifts.com/jdrf](http://www.matchinggifts.com/jdrf) for more information.

JDRF has provided no services or goods in connection with this gift (Tax ID 23-1907729).
